Experiment 3: Network Switching Subsystem Flowchart in Figma

Aim: To develop a flowchart in Figma depicting the operation of a Network Switching Subsystem in a mobile cellular system

Procedure:

1. Open Figma and create a new design file.
2. Create a frame with a light-colored background.
3. Draw flowchart shapes for Mobile User, MSC, Authentication, Call Routing, and Destination Network.
4. Arrange the shapes in a logical sequence.
5. Connect the shapes using arrows to show the call-switching process.
6. Add labels and colors to distinguish each step.
7. Arrange the flowchart neatly for easy understanding

Output:

Result: A flowchart illustrating the operation of the Network Switching Subsystem was successfully created using Figma.
