Course Name: Mobile Computing

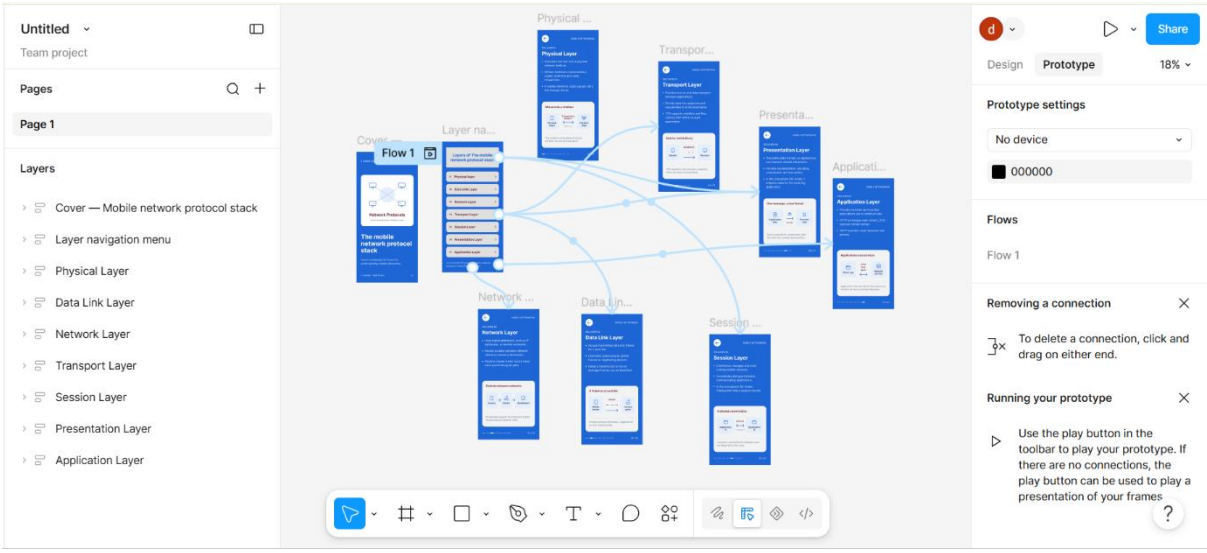

Experiment 4: Mobile Network Protocol Stacks in Figma

Aim: To create a visual representation in Figma highlighting the key elements of mobile network protocol stacks.

Procedure:

1. Open Figma and create a new design file.
2. Create a frame with a suitable background.
3. Draw rectangular boxes representing the Physical, Data Link, Network, Transport, and Application layers.
4. Arrange the layers vertically in the correct order.
5. Add short descriptions of each layer.
6. Use different colors to distinguish the protocol layers.
7. Add arrows to show data communication between the layers.

Output:

Result: A visual representation of the key elements of mobile network protocol stacks was successfully created using Figma.
