# Experiment 13: Design an Infographic in Figma Comparing Mobile Communication and Mobile Computing

**Aim:** To design an infographic using Figma that compares mobile communication and mobile computing.

**Procedure:**

1. Open Figma and create a new design file.
2. Select a suitable frame size.
3. Add the title "Mobile Communication vs Mobile Computing".
4. Divide the design into two sections.
5. Add mobile communication features such as calls, SMS and network connectivity.
6. Add mobile computing features such as apps, data processing and internet access.
7. Use suitable icons, colours and shapes.
8. Add a comparison table and arrange the elements neatly.
9. Save the design.

**Output:**

**Result:** Successfully designed an infographic in Figma comparing mobile communication and mobile computing
