Course Name: Mobile Computing

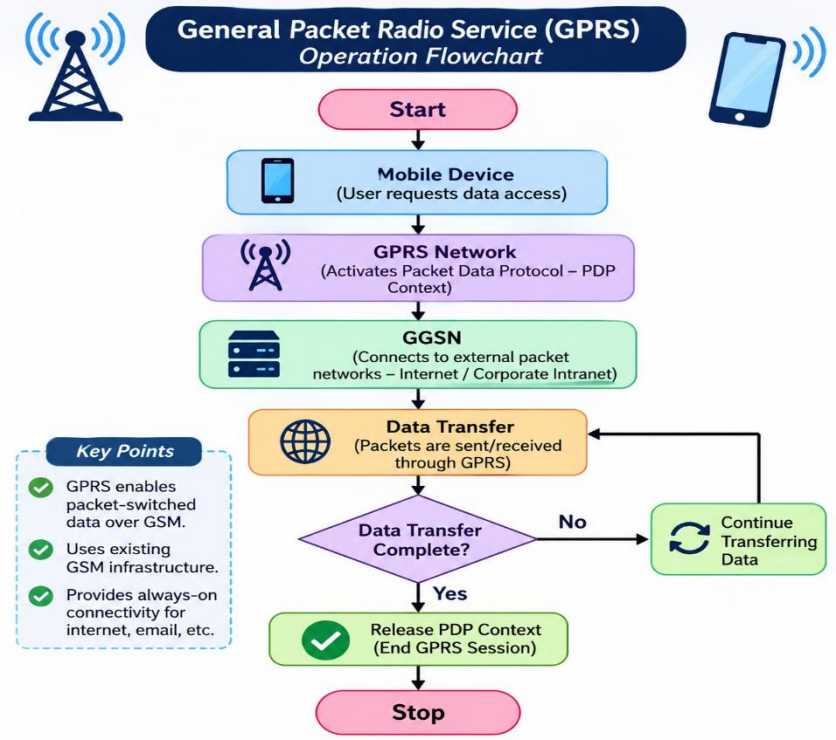

Experiment 14. Develop a Flowchart in Figma Explaining the Operation of GPRS

Aim: To develop a flowchart using Figma explaining the working process of General Packet Radio Service (GPRS).

Procedure:

1. Open Figma and create a new design file.
2. Select a suitable frame.
3. Add the title "Working of GPRS".
4. Create flowchart shapes using rectangles and arrows.
5. Add the following steps:
6. Mobile Station
7. BTS (Base Transceiver Station)
8. BSC (Base Station Controller)
9. SGSN (Serving GPRS Support Node)
10. GGSN (Gateway GPRS Support Node)
11. Internet
12. Connect all the steps using arrows.
13. Add suitable colours and labels.
14. Arrange the flowchart clearly.
15. Save the design.

Output:

Result: Successfully developed a GPRS flowchart in Figma explaining how mobile data travels from a mobile device to the internet.
